

Port Sections Guide

Numbering of section

Read user guidelines first. Always check all adjoining sections

Port	Name of Port
Section	Fairway, basin, berth by name/number
Date	Date of last update

Position (lat / lon)	Degrees, minutes and decimals of minutes e.g. 34°47'.29N 136°07'.15E
Minimum control-led water depth	Metres and decimals (fathoms/feet if that is the unit in use on the chart)
Chart date	- Vertical: Lowest Astronomical Tide (LAT) - Horizontal: Geodetic system in use on the chart, ie WGS84, ED50 etc.
Range of water densities	E.g. 1015 - 1025
Tidal range	Metres and decimals
UKC policy alongside	For description copy-paste from 'UKC policy' in arrival/departure box
Bottom type	In accordance with Chart 5011 (INT 1) Section J
Dredging regime	Free text
Distance pilot station to berth	In nautical miles
ISPS	Free text
Loading/unloading requirements	E.g. Over The Tide Operations (OTTO), double banking, use of line boats etc.
Free text	Free text

Manoeuvre	Arrival
UKC policy	Minimum in metres and decimals or % of static draft or beam.
Size restriction	- By length/beam/draught/air draught (metres and decimals) - In case of airdraught specify chart datum - By tonnage (tonnes and specify type of tonnage)
Tidal restriction	By minimum/maximum (metres and decimals) or HW +/- xx hrs.
Wind restriction	By speed (knots – Met Office Glossary 1991)
Visibility restriction	By distance (nautical miles and decimals)
Speed restriction	Knots
Passing requirements	Free text
Tug use	Free text
Berthing requirements	E.g. use of line boats, no night time berthing, particular side, minimum number and material of lines, shore moorings, etc.
Free text option	Free text

Manoeuvre	Departure
UKC policy	Minimum in metres and decimals or % of static draft or beam.
Size restriction	- By length/beam/draught/air draught (metres and decimals) - In case of airdraught specify chart datum - By tonnage (tonnes and specify type of tonnage)
Tidal restriction	By minimum/maximum (metres and decimals) or HW +/- xx hrs.
Wind restriction	By speed (knots – Met Office Glossary 1991)
Visibility restriction	By distance (nautical miles and decimals)
Speed restriction	Knots
Passing requirements	Free text
Tug use	Free text
Unberthing requirements	E.g. use of line boats, no night time unberthing, etc.
Free text option	Free text
